PARISH COUNCIL UPDATE ON GAS WORKS IN VIGO

The Parish Council has been liaising with WCB Utilities this week. WCB utilities are carrying out gas mains replacement work and services on behalf of SGN. This project is a government scheme and is free of charge.

We have received assurances that any damage caused by storing equipment on Parish land, or digging up Parish land will be fully repaired with the land reinstated to a good standard. The Parish Council will monitor this moving forward.

Some equipment is being stored in the Croftside layby. We appreciate this is an inconvenience for residents. If you are concerned about this, you should speak to Kent Highways regarding the matter. We would note however, that we do not believe there are any alternative locations which would be more suitable.

Below is a timetable for the works. This may be subject to change and / or delays. If residents have any issues they should email:

Customerservices@wcbutilities.co.uk

Or phone 01634 891 991 option 1 or 3

Team 1

This team started on The Covert and is now complete. They are currently working on The Coach Drive and The Paddock and will be complete end of next week.

W/C 29/04/2024- work will start in Bramblebank.
